Dear Sir:

This is supplemental to the Dec. 5, 2003 IDS, the Apr. 22, 2004 IDS and any previously submitted statements.

This Information Disclosure Statement (IDS) is being filed before the first Action on the merits, and therefore no fee for this submission is required.

As part of this Information Disclosure Statement are listings on modified 1449 forms of : A) US Patent References and B) Foreign Patent References. The 1449 forms address disclosures of prior art and relevant art that may pertain to claims of this application and its Divisional applications

The attached US Art list includes references to Footnotes of Special Interest. The "Footnotes-References of Special Interest" are included to provide assistance to the Examiner while determining allowability of the claims. Footnotes 1-97 were sent in on Dec. 5, 2003, Footnotes 98-113 were sent in Apr. 22, 2004 and Footnotes 114-117 are included herewith.

Copies of some PTO Office Actions on Third Party Patent Applications for somewhat related Inventions are also herewith included and may be helpful to the Examiner.

Best full or partial copies which Applicant currently possesses of each of the Foreign Patent References are included herewith. Applicant understands that the PTO now supplies its own copies of the US Patents and US Patent Applications cited in new patent applications. If this is not correct and Applicant is required to acquire paper copies from the PTO and then supply them to the PTO, please inform Applicant as soon as possible so that the copies can be ordered from the PTO and sent to the Examiner. Thank you.

The Foreign Patent References are in some cases foreign patents and in other cases patent applications.

Please consider all Previously and Newly submitted references during the examination of the present application and claims. Thank you.

Please consider the issue of double-patenting regarding this application and Applicant's other pending U.S. applications which can be readily located by a search of the PTO records for pending applications under the Inventor name of "Brad A. Armstrong". Applicant would be happy to discuss each pending claim with the Examiner. If the Examiner wishes and requests such, Applicant would be more than willing to submit copies of all of his currently pending claims. If the Examiner believes that would be helpful, please do not hesitate in requesting such from Applicant. Thank you.

Please consider the issue of double-patenting regarding this application and Applicant's Issued U.S. Patents which can be readily located by a search of the PTO records for issued patent under the Inventor name of "Brad A. Armstrong". If the Examiner wishes additional information, please do not hesitate in requesting such from Applicant. Thank you.

Applicant realizes the instant application and the IDSs are extensive and sincerely apologizes to the Examiner. Please examine the instant claims thoroughly so that Applicant may receive a valid and worthy Patent. Please do not hesitate in requesting anything that might assist the Examiner.

Respectfully,

Brad A. Armstrong
